kamalrajput3940404@gmail.com

www.linkedin.com/in/kamalraj-singh-b939a8282

Objective

Dedicated and detail-focused Software Engineer with several years of hands-on experience creating user-friendly and visually appealing web interfaces. Committed to delivering high-quality solutions that enhance user experience and support business goals. Eager to contribute expertise within a dynamic development team.

WORK EXPERIENCE

Quarks Technosoft

March 2025 – Present

Software Engineer

- Coded UI screens using HTML, CSS, and JavaScript with React.js framework to develop features for different platforms.
- Demonstrated excellence in problem-solving and team collaboration, significantly improving project delivery times.
- Planned and engineered RESTful APIs to manipulate dynamic datasets.
- Troubleshoot technical issues related to frontend development, ensuring prompt resolution to maintain project timelines.

Chetu Inc.

April 2022 – December 2024

Software Engineer

- Create web application workflow and wireframes in Figma , Adobe XD.
- Coded UI screens using HTML, CSS, and JavaScript with latest Frameworks as React.js , Angular, Vue.js etc. to develop features for different platforms.
- Optimized web applications for speed, scalability and security.
- Planned and engineered RESTful APIs to manipulate dynamic datasets.
- Skilled in creating efficient, scalable web applications in React.js and Angular Framework with Modern UI libraries.

TECHNICAL SKILLS

Languages: HTML, CSS , JavaScript , TypeScript

Frameworks & Libraries : React.js , Redux , Angular , Vue.js , Bootstrap , Sass , Material UI , Tailwind

Databases: MySQL

Tools: Adobe XD , Figma , Photoshop , Eclipse , Visual Studio Code , MS Excel , GitHub , SVN , Jira

Operating System: Windows , macOS , Linux , Android , and iOS

EDUCATION

Graduation: BSc Mathematics (2017 –2020)

Specification: Mathematics

University : M J P ROHILKHAND UNIVERSITY ,BAREILLY

Grade: A

Postgraduate: Master of Computer Applications (2020 –2022)

Specification: Information Technology

University : AKTU, Lucknow

Grade: A

LANGUAGES

- English
- Hindi

LICENSES & CERTIFICATIONS

- UI/UX certificate ,Chetu, Inc. (Issued Jan 2023)
- NIELIT CCC course certificate (Issued Aug 2018)

WORK PROJECTS

MILFORD REAL ESTATE

Technologies: FIGMA, HTML, CSS , React.js , Redux , React Bootstrap, TypeScript, .NET Framework

- Developed dynamic React.js interfaces using TypeScript, implementing multiple property filters for accurate and user-friendly data searches across application sections.
- Built reusable, strongly-typed filter components supporting complex multi-criteria filtering, improving data precision and UX.
- Created customized filter UIs for different sections, leveraging React hooks and TypeScript's static typing for efficient state and logic management.
- Utilized TypeScript generics and strict typing to enforce robust, scalable filtering functionality and maintain code quality.
- Worked closely with backend teams to integrate RESTful APIs for efficient, filtered dataset management.
- Ensured responsive, cross-browser compatible filter components using modern UI libraries with TypeScript for enhanced safety and developer efficiency.

Applicant Tracking System

Technologies: Angular, TypeScript, Figma, HTML, CSS , .NET Framework

- Created Wireframes and Mockups of the Web application in Figma app with proper design system.
- Coded UI Screens using HTML, CSS, and Angular with Typescript and developed required features for desktop platform.
- Worked closely with backend teams to integrate RESTful APIs for efficient, filtered dataset management.
- Worked with the AI developers to enhance the Application performance like Resume parsing, AI Chatbot and other smart features.

HOA Board Elections Voting System

Technologies: Figma, HTML, CSS , JavaScript, .NET Framework

- Created Wireframes and Mockups of the Web application and coded UI Screens using HTML, CSS, and JavaScript with required features.
- Developed an innovative online voting platform that empowers voters to securely cast their ballots for their preferred candidates, featuring advanced validation and valid functionalities.
- Efficiently used the customized part like Ballot creation, Candidate portfolio, Manage multiple Associations etc. with implementing the modern JavaScript Text Editors.

Extramarks Education

Technologies: Adobe Xd, HTML, CSS , React.js , Redux , React Bootstrap, Ant design, JavaScript, .NET Framework

- Coded UI Screens using HTML, CSS, Saas and JavaScript with React.js library including modern UI libraries like Ant design , React Bootstrap and custom UI componenent.
- Efficiently used the customized part like Create New Activity screen with multiple Sliders, Localization or internationalization feature, Manage multiple students and Live classes etc. with implementing the modern JavaScript and UI libraries.
- Planned and engineered RESTful web services to manipulate dynamic datasets.
- Excellent hands-on knowledge of Linux and Oracle environments.
- Troubleshooting complex technical issues with excellent analytical and problem-solving skills.
